Mission
To help families achieve their greatest potential.

Vision
Asociación Puertorriqueños en Marcha, Inc. (APM) envisions a healthy community where all families are self reliant; where children are protected and nurtured to become future leaders, and where residents are engaged in their community.

APM HEALTH SERVICES
APM provides an array of professional behavioral health care services. Health care providers, psychiatrists, therapists, case managers, peer support specialists and other staff work together as a single team to treat the whole you, in two convenient locations in Philadelphia.

Behavioral Health
APM maintains two behavioral health clinics delivering professional, culturally sensitive treatment and prevention services to more than 2,000 City residents without geographic restriction. All services offer bilingual diagnoses and treatment for our community’s mental health issues.

APM Mental Health provides the following specific services:
- Individual Therapy
- Psychiatric Evaluations
- Medication Monitoring
- Family and Group Therapy
- Psychiatric Intervention
- Couples Counseling
Family Therapy
APM provides treatment through individual, family, group therapy and child play therapy in an outpatient setting. We currently provide Parent Child Interaction Therapy (PCIT), an evidence-based practice for families and children, ages 2-7. This therapy is conducted with the parent as the lead, reinforcing the parental authority.

Drug & Alcohol Treatment
APM provides intensive and regular outpatient services to individuals, and group therapy for people with a history of substance abuse. Our staff is bilingual, culturally sensitive, and ready to meet the specific needs of individuals.

Support Services
APM Support service programs provide long-term help to the homeless by providing housing assistance and services that provide the tools necessary for successful independent living. APM also has a limited number of housing options for individuals diagnosed with co-occurring disorders, including substance abuse, mental health, and/or HIV/AIDS.

Contact either of our clinic locations:
4301 Rising Sun Avenue, Philadelphia, PA 19140, 267.296.7220
3263 N. Front Street, Philadelphia, PA 19140, 215.426.1077
